

Join Us and TIC Leaders at TIC Asia 2019, Singapore – Regional Outlook, Digital Assurance and More

The Testing, Inspection & Certification (TIC) market is recording double-digit growths across business lines including business assurance, softlines, consumer technologies and in industry sectors ranging from Agrifoods, Textile to Electromobility and Manufacturing. What's more, TIC services leveraging from data-driven insights, blockchain and AI are creating new, profitable business models and offering immense value for buyers.

The first Asia's forum of its kind, TIC Asia 2019 congregates senior TIC decision makers, Quality Assurance leaders and National Accreditation Agencies. Keynote addresses and roundtables will unveil regional Quality Assurance demand updates, beside TICs' commercial & digital strategies.

TIC Council Keynote Address:
Hanane Taidi (TBC), Director General, TIC Council
